

TRONADOR ROOM - SYMPOSIUM II

THURSDAY 24 - BLOCK VII - SESSION 2.6

Rosella Nave - Thomas Pierson			
CHAIRS	TIME	ABSTRACT TITLE	AUTHOR(S)
09:00 - 11:30	09:00 - 09:15	Assessing volcanic hazard in Auckland, New Zealand, including new insights from cryptotephra studies	Jan M Lindsay and Aleksandra Zawalna-Geer
	09:15 - 09:30	Contemporary volcanic hazards in the Main Ethiopian Rift	Karen Fontijn (1), Keri McNamara (2), Amdemichael Zafu Tadesse (3), Gezahegn Yirgu (3), David M Pyle (1),
	09:30 - 09:45	Hazardous emission of volcanic gases in the touristic site of Levante Beach (Vulcano island, Italy)	M.L. Carapezza (1), A. Di Piazza (1), A. Gattuso (1), M. Ranaldi (2-1), F. Sortino (1), L- Tarchini (2-1)
	09:45 - 10:00	Building volcanic hazard awareness in Mendoza, Argentina: from Quizapu eruption to Laguna Del maule unrest	Patricia Sruoga1, Manuela Elissondo2
	10:00 - 10:15	A City on 53 Volcanoes: An Auckland Volcanic Field risk perception survey.	S.H. Potter1, E.S. Lambie2, G.S. Leonard1, M.A. Coomer1, T. Wilson2, K. Maxwell3, A. Bates4, H. Keith4, E.
	10:15 - 10:30	Long run communication support based on diagnostic symptom to the eruption as key roles of volcanologists toward sleeping giant - Case studies from Bandai, Usu and Azores	Jun Okada (1), Hiroshi Sato (2), Saburo Mimatsu (3), João Fontiela (4), and Hiromu Okada (5)
	10:30 - 10:45	National volcanic threat assessments as a tool to raise risk awareness and preparedness, and engage the public in regions with infrequent eruptions	J.W. Ewert; A.K. Diefenbach
	10:45 - 11:00	The volcanic hazard management and the public response in volcanic areas with variable population: the example of Stromboli volcano	G. De Astis 1-3, G. Giordano 2-3
	11:00 - 11:15	Training project: "Civil Protection and Volcanic Risk: Vesuvius and Campi Flegrei	Isaia, Roberto
	11:15 - 11:30	Why is Portland (Oregon, USA) so climate change smart but natural hazard dumb?	Jonathan Fink

COFFEE BREAK

12:30-13:00

S2.6 Rosella Nave, " Waiting for the next eruption: dealing with hazard and awareness"

ALMUERZO

THURSDAY 24 - BLOCK VIII - SESSION 2.6

Rosella Nave - Thomas Pierson			
CHAIRS	TIME	ABSTRACT TITLE	AUTHOR(S)
14:30 - 16:00	14:30 - 14:45	Binational Exchange Program for Volcanic Risk Reduction– Chaitén Volcano (Chile) and Long Valley Volcanic Region (USA).	Stuart Wilkinson(1), Margaret Mangan (1) Thomas Pierson (2)
	14:45 - 15:00	Volcanic hazard in urban area (Naples, ITALY): a tool to improve a resilient response	Paolo Gasparini (1), Rosella Nave (2), Fabio Sansivero (2), Fabrizio Boldrini (3), Maria Rita Bracchini (3)
	15:00 - 15:15	Integrating Indigenous knowledge and science – Characterising the eruptive history of Tseax volcano, British Columbia, Canada	Glyn Williams-Jones1, Kelly Russell2, Mansell Griffin3, Yannick Le Moigne1, Rachel Warwick1, Nathalie
	15:15 - 15:30	Misunderstandings in risk communication at long-quiescent volcanoes	Christopher Kilburn (1), Sabina Michnowicz (1), Lara Smale (1), Carmen Solana (2)
	15:30 - 15:45	Global strategy plan to minimize risk for long-dormant volcanoes.	Henry Gaudru
	15:45 - 16:00	Quantification of volcanic risks: experience of recent large run-out PDCs at Volcán Colima, México.	Nick Varley

COFFEE BREAK

THURSDAY 24 - BLOCK IX - SESSION 2.7

Thomas Casadecall - Joan Marti			
CHAIRS	TIME	ABSTRACT TITLE	AUTHOR(S)
16:15-17:30	16:15 - 16:30	Kütarkura: the first aspiring Geopark of Chile established in a very active volcanic area	1 Manuel Schilling, 2 Álvaro Amigo
	16:30 - 16:45	La Soufriere Volcano National Park – management and protection of an important Heritage site.	Richard Robertson2, Rodica Tannis1, Andrew Wilson1,
	16:45 - 17:00	Volcanic Natural Monuments in Campo de Calatrava (Spain): declaration and public use	María Elena González.,1-3, Estela Escobar,1-3, Gosálvez, R.U.1 , Rafael Becerra-Ramírez, R.1 -3 Javier Dóniz-
	17:00 - 17:15	Neogene and Recent Volcanism of Southern Puna: a Proposal for Volcanic geopark	Bustos, E. (1) (*), Báez, W. A. (1), Chiodi, A. L. (1), Becchio, R. A. (1), Viramonte, J.G. (1), Casimiro, S. (2)
	17:15 - 17:30	A Global Perspective on Protected Volcanic Areas: Revision of the IUCN Volcano Thematic Study	Thomas Casadecall, Jessica Roberts, Daniel Tormey
18:00-19:00	PLENARY TALK: Tom Pierson: "Reducing Risk from Volcano Hazards--A Geologist's Observations on What Works and What Doesn't"
